

## PSHE/RSE Consultation 2025

Questions	Responses
Are there additional resources or support you think the school could provide to help parents discuss RSE topics at home?	Do you have books the kids can look through by themselves? If so a list of titles would be great.
Is there anything else you'd like to share or suggest regarding the RSE policy?	<p>This may be something you do already. I remember doing this in Year 5 and having an anonymous question box we could drop our questions into and the teacher would answer to everyone. No one knew who asked but everyone got the information.</p> <p>Consideration in the future of how to develop resilience.  <a href="https://www.bbc.co.uk/news/articles/c4gp19n111vo">https://www.bbc.co.uk/news/articles/c4gp19n111vo</a></p>
